Objective

A passionate and hard-working web developer seeks a position with a IT company to practice web development and set a new quality benchmark. Wishful to utilize my groundbreaking creative skills resulting in my and the company's growth. Core skills: HTML, CSS, Java, Java Script.

WORK EXPERIENCE

Webhitter JUNE 2024- DEC.2024
Frontend Developer

As a Frontend Developer at Webhitter , I specialize in crafting responsive, user-friendly web applications with a focus on modern design principles, clean code, and seamless user experiences using technologies like HTML, CSS, JavaScript, and Bootstrap.

As an SEO specialist, I have successfully optimized website content, structure, and performance to increase organic search rankings and drive traffic. My expertise includes keyword research, link building, on-page/off-page SEO, and using tools like Google Analytics to enhance visibility and user engagement
